Growing Your Business

Woodfines can take the headache out of your business law problems, enabling you to concentrate on growing your business.

We offer a legal retainer package which gives you the opportunity to call or email one of our Company Commercial solicitors to discuss any business law problems or queries, proposals or business ideas that you have. You will receive practical advice on any aspect of your business on which we are qualified to comment, or guidance toward further sources of help. This gives you the peace of mind to pick up the phone and receive help on legal issues, without the fear of unexpected bills and helps you to manage your legal budgets.

The legal retainer also includes a fixed annual amount of time which can be applied towards follow-up work arising from calls or discussions. This could involve, for example, the preparation of detailed advice; document reviews; document preparation and negotiation. In the event that work over and above the included fixed annual time is required, the same will be charged at a discounted rate. We will provide an up-front, no obligation quote prior to undertaking any work over and above the included fixed annual time, ensuring that you remain in complete control of your legal budgets.

WHAT ELSE IS INCLUDED?

In addition to telephone and email support and the included fixed annual time, you will also receive the following benefits, which are included in the annual retainer fee:

- Annual Business Legal Health Check
- An initial interview to discuss and assess your requirements
- Quarterly newsletters
- Legal updates relevant to your particular business
- Assorted legal tip sheets

- A dedicated Company Commercial solicitor point of contact
- 1 hour training session on a Company Commercial law topic of your choosing

WHAT WILL IT COST?

Charges take the form of a fixed annual retainer, payable monthly, based on the particular requirements of your business. To assess likely initial needs and set the annual retainer fee we carry out a free Business Legal Health Check and carry out an initial interview/meeting. We review the retainer annually.

Further Information

For further information on how the legal retainer package can benefit your business please call one of our offices:
